NET WEIGHT	kg	3310	3350	3350	3400	3450	3500

STANDARD ACCESSORIES

- 3 jaw hydraulic chuck
- Hydraulic tailstock
- Hydraulic system
- Coolant system
- Auto lubrication system
- Heat exchanger
- Work light equipment
- Hand wheel
- Foot switch for chuck clamp
- OD tool holder
- Facing tool holder
- Boring bar holder & sleeves
- Drill sleeves
- Live center
- Morse taper Sleeve
- Tool box
- Levelling pads
- Operation & maintenance manuals

OPTIONAL ACCESSORIES

- Chip conveyor
- Chip bucket
- Transformer
- Parts catcher
- Parts conveyor
- Tool setter
- Auto Door
- Bar feeder
- Bar feeder interface (LNS system)
- CE mark
- Hoisting hook package
- Levelling kit
- Additional tool holders and sleeves

Meeting the various demands of the metal turning jobs.

- 30 degree slant design provides turning stability and easy chip removal.
- Linear guideways on both axes to reduce machining time and increase accuracy.
- Hydraulic tank with cooling unit equipped to reduce heat dissipation and enhance stability.

Power turret (opt.)

Tool setter provides quick and easy tooling set up (opt.)

- Ultimate rib design result in a very rigid and sturdy structure.
- Big turret disc provides easiness in tool installation. Built-in coolant nozzles and channels are also provided in the turret disc.
- PLC controlled chip conveyor (when applicable) increases productivity.
